

1 次の図形の体積を求めなさい。

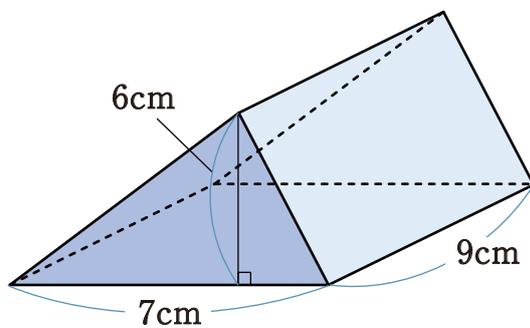

①

②

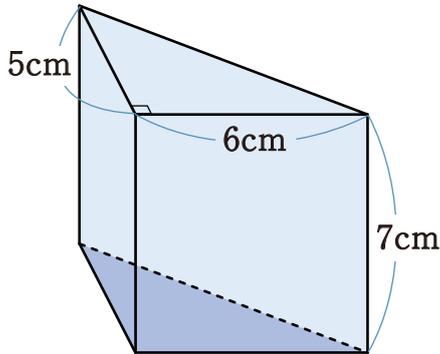

③

1 次の図形の体積を求めなさい。

①

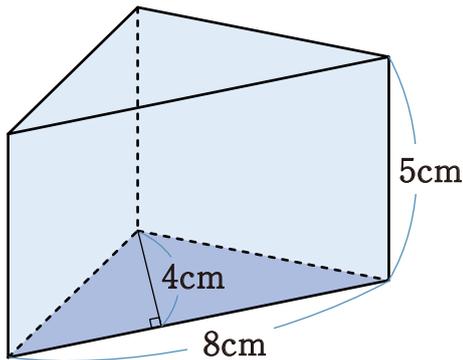

$105\text{cm}^3$

底面積は  $\frac{1}{2} \times 6 \times 5 = 15\text{cm}^2$

体積は  $15 \times 7 = 105\text{cm}^3$

②

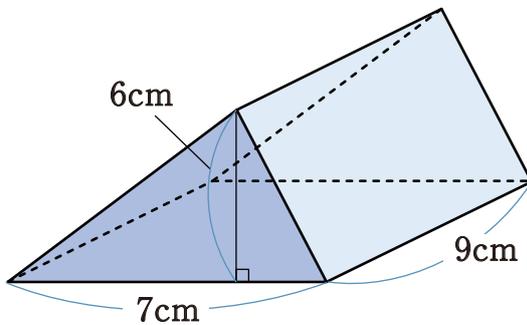

$80\text{cm}^3$

底面積は  $\frac{1}{2} \times 8 \times 4 = 16\text{cm}^2$

体積は  $16 \times 5 = 80\text{cm}^3$

③

$189\text{cm}^3$

底面積は  $\frac{1}{2} \times 7 \times 6 = 21\text{cm}^2$

体積は  $21 \times 9 = 189\text{cm}^3$
